Digital Talent Scholarship - Junior Web Developer 2023

Ibrahim Haykal Alatas

Information System Student | IT Enthusiast | Web Developer At
Nirmala Technology
Jakarta Raya, Indonesia

Ringkasan

Greetings! I am a dedicated Information Systems student at STMI Jakarta, with a keen interest in technology. I specialize in web development and am currently exploring the dynamic field of cybersecurity to enhance data protection. With strong communication skills and a collaborative mindset, I aim to contribute meaningfully to the ever-evolving landscape of information technology. My commitment to continuous learning reflects my ambition to make a professional impact in the industry. Let's connect and create impactful innovations!

Pengalaman

Nirmala Technology

Web Developer

Agustus 2024 - Present (5 bulan)

Jakarta, Indonesia

Digital Talent Scholarship

Scholarship

Juli 2023 - Oktober 2023 (4 bulan)

Training program focused on honing skills crucial for web development.

Learned about web development and completed a final project to create

a scholarship website using Bootstrap. Implemented features to create,

update, and delete on the website using PHP and SQL. This is to obtain BNSP certification for Junior Web Development.
